Dear Sendolo Diaminah:

Thank you for the opportunity to be considered for endorsement by Durham for All. I am asking and do seek endorsement from the organization....

Regarding the questionnaire the rules as outlined by the judicial standards commission and found in the rules of judicial conduct does not permit me to answer the questions.

However, I am of the belief that more should be done regarding the poor and disenfranchised in our community. I serve and believe in restorative matters specifically drug treatment court where I have served as Judge for the past three and half years.

If I may be of any further assistance in answering you questions please feel free to contact me.

Fred Battaglia, Judge
